HISTORY OF APPROVALS AND UPDATES

Approved by Education Committee July 18, 2011

Approved by the Education Committee July 16, 2018

POLICY

To progress to the Application Phase, students must pass all courses in the Foundation Phase and take Step 1 (see Foundation Phase Grade and Remediation Policy and Policy on Completion of USMLE Step Examinations). Students who do not have a passing Step 1 score posted on or before November 1 of the Application Phase are not allowed to enroll in additional clinical courses until a passing score for Step 1 is achieved. Students who receive a failing Step 1 score after starting Application Phase, are allowed to finish the current course in which they are enrolled, but then must discontinue additional clinical coursework to study for and retake Step 1.

To progress to the Individualization Phase, and enroll in selectives, students must pass the first two trimesters of the Application Phase and have completed the third trimester with no indication of academic difficulty or risk (see Application Phase Grade Policy and Student Advancement Policy).

To receive the medical degree from The University of North Carolina at Chapel Hill (UNC) School of Medicine (SOM) students must:

- Pass all required courses in every phase.
- Pass certain qualifying examinations such as Step 1 and the CPX.
- Demonstrate satisfactory compliance with the Technical Standards for Medical Students, including exhibiting the professional characteristics expected of a physician (see Policy on Technical Standards).
- Adhere to all UNC SOM and University policies.
